

Ambition Climat 1,5°C

SIRECOM s'engage dans l'Ambition Climat 1,5°C et s'engage à réduire de moitié les émissions absolues d'ici 2030 et atteindre Net-Zéro d'ici 2050

SIRECOM commits to the 1,5°C Climate Ambition and pledges to halve absolute emissions by 2030 and reach Net-Zero by 2050

A 3D-rendered microscope slide is positioned in the bottom right corner of the slide. It contains two distinct spots: a larger orange one and a smaller blue one, set against a white background on the slide. The slide is slightly tilted and casts a soft shadow on the surface below it.

Reduction Plan

Scope	Emission	Target	Current status	Action	tracking
Direct emissions	Stationary combustion	Reduce 50% of the company's Stationary combustion in 2030	100% of Total emissions came from Stationary combustion	Purchase hybrid Electric vehicles	Yearly report and compare the Reduction year to year
Indirect emissions	Electricity	Use 30%renewable energy sources by 2025	100% of Total emissions came from electricity	Use panels solar instead the Electric Water Heaters at the office	Yearly report and compare the Reduction year to year

SIRECOM Commitment

Due to unsustainable consumption of resources and ongoing climate changes, the ecosystem and the humanity is put at great risk. To mitigate future negative environmental development, forceful action needs to be taken now. Therefore, SIRECOM is committed to the 1,5 °C ambition and to halve our emissions to 2030 and reach net-zero emissions by 2050 either in Morocco or in our offices abroad.
